Author: Merlin

Merlin was born in Britain. When he was very young his motherAmy died of a sickness. His father Michael could not take care of him alone because of the war he was involved with. So his father sent Merlin to go live with his Grandfather David. When Merlin was 10, his Grandfather died of old age and Merlin was all alone. So he sent off in search for a family. In Britain he came upon an orphanage where he stayed until he was 11.
But then Merlin went in search of a real home and found PaxLair when he was 12. In PaxLair, he joined the Pax orphanage. But it soon fell apart and Merlin was once again all alone. Now he is just wandering around PaxLair looking for a nice, safe place to stay.
